

Hull Truck Theatre

Hull Truck Theatre was originally founded in 1971 but moved into this building, their current home, in 2009. It boasts a 429-seat main auditorium and 135-seat studio theatre. One of Hull Truck's most-performed and notable plays is Godber's Bouncers, which celebrated its 30th anniversary in 2007 and was the final play to be performed before the move to the new venue.

In March 2022 Hull Truck was recognised by a blue plaque to coincide with the theatre's 50-year anniversary.
